

Medical Language for Modern Health Care *Third Edition*

David Allan MA, MD · Karen Lockyer BA, RHIT, CPC

CHAPTER 1 Roots and Combining Forms: The Language of Health Care

Learning Outcome	Text	Instructor's Manual	Test Bank Questions	PowerPoint Slides	Answer Keys
1.1 Relate the logic of the language of medicine to your practice as a health care professional.	4-5, 11, 14	2-6	1, 3-5, 7, 14-16, 19, 22-27, 34, 36, 39	3-10, 13	3-5
1.2 Define the terms root, combining vowel, and combining form.	4-5, 7-8, 11, 14	2-6	1, 3-10, 12, 14-16, 19, 22-27, 36-40	3-10, 13	1-5
1.3 Recognize that roots and combining forms are the core elements of any medical term.	4-5, 8-9, 11-12, 14	2-6	1, 3-5, 7-10, 14-16, 19, 22-27, 34-36, 39	3-10, 13	1-5
1.4 Deconstruct medical terms into roots and combining forms.	5, 11-12, 14-15		42		1, 3-4, 6
1.5 Interpret the meaning of roots and combining forms in commonly used medical terms.	4-5, 9-10, 12-15	2-6	6, 11, 13, 20-21, 28-31, 41, 43-44	3-10, 13	1-6
1.6 Use roots and combining forms to construct commonly used medical terms.	10, 14-15		32		1-3, 6
1.7 Identify the medical terms taken directly from Greek or Latin words.	6, 9-10, 13-15	2-6	2, 17, 33	11, 13	1-5, 6
1.8 Differentiate between medical terms that are spelled and/or pronounced similarly.	7, 10, 14-15	2-6	18	12-13	2

Chapter 1 Activities Available Through Connect Plus

Learning Outcome	Chapter Review (by Section and page)	Chapter Summary (by Section and page)	Pre-Test	Post-Test	BodyAnimat3D	Interactives
1.1 Relate the logic of the language of medicine to your practice as a health care professional.	J p. 11				<i>Not applicable to this chapter</i>	
1.2 Define the terms root, combining vowel, and combining form.	A & C p. 8					<ul style="list-style-type: none"> Word Analysis - Defining Word Elements
1.3 Recognize that roots and combining forms are the core elements of any medical term.	C p. 8; J p. 11					<ul style="list-style-type: none"> Understanding the Logic of Medical Terms
1.4 Deconstruct medical terms into roots and combining forms.		D p. 15				<ul style="list-style-type: none"> Classifying Word Components
1.5 Interpret the meaning of roots and combining forms in commonly used medical terms.	E p. 9; G p. 10	A p. 13; B p. 13	7-12			<ul style="list-style-type: none"> Matching: Combining Forms with Meaning
1.6 Use roots and combining forms to construct commonly used medical terms.	F & G p. 10			1-4		
1.7 Identify the medical terms taken directly from Greek or Latin words.	E p. 9	A p. 13; B p. 13				<ul style="list-style-type: none"> Greek, Latin, and Old English Terms
1.8 Differentiate between medical terms that are spelled and/or pronounced similarly.	F p. 10		1-6	5-10		

CHAPTER 2 Suffixes and Prefixes: The Language of Health Care

Learning Outcome	Text	Instructor's Manual	Test Bank Questions	PowerPoint Slides	Answer Keys
2.1 Define the term suffix.	18, 21, 24, 29, 33-34	2-7	11, 21, 37	4-12, 20	1-3, 6, 8-9
2.2 Identify the suffixes of commonly used medical terms and their meanings.	18, 21, 25, 29, 32-34	2-7	2-10, 12-20, 23, 34-35, 65-67, 73-74	4-12, 20	1-3, 5-9
2.3 Establish a classification of suffixes.	18-20, 34	2-7	9-10, 13-16, 22, 42, 53	4-12, 20	9
2.4 Define the term prefix	21-23, 29, 33-34	8-13	1, 34-35, 39, 53, 55, 65-66, 68, 73-74	14-20	1, 6, 8-9
2.5 Identify the prefixes of commonly used medical terms and their meanings.	21-26, 29, 32-34	8-13	26-27, 29-31, 33, 40-41, 43-47, 50-51, 54, 57-62, 67-68, 70-71	14-20	1-3, 5-9
2.6 Establish a classification of prefixes.	21-24, 29, 34	8-13	24-25, 28, 36, 38, 53, 56	14-20	1-2, 9
2.7 Link word elements of prefixes, suffixes and roots and combining forms together to construct medical terms.	21-25, 27-28-29, 33-35	8-13	6, 32, 48-49, 52, 63-64, 69, 71-73	14-20	1-7, 9
2.8 Deconstruct medical terms into their elements.	21-23, 25, 27-35	8-13	67	14-20	1, 3-9

Chapter 2 Activities Available Through Connect Plus

Learning Outcome	Chapter Review (by Section and page)	Chapter Summary (by Section and page)	Pre-Test	Post-Test	BodyAnimat3D	Interactives
2.1 Define the term suffix.	A p. 24; H p. 26; T p. 29				<i>Not applicable to this chapter</i>	<ul style="list-style-type: none"> Characteristics of Suffixes and Prefixes
2.2 Identify the suffixes of commonly used medical terms and their meanings.	D (part 1 & 2) p. 25; Q p. 29	A p.32				
2.3 Establish a classification of suffixes.						<ul style="list-style-type: none"> Classifying Suffixes
2.4 Define the term prefix	T p. 29					<ul style="list-style-type: none"> Characteristics of Suffixes and Prefixes
2.5 Identify the prefixes of commonly used medical terms and their meanings.	A p. 24; G p. 25; Q p. 29	A p. 32				
2.6 Establish a classification of prefixes.						<ul style="list-style-type: none"> Classifying Prefixes
2.7 Link word elements of prefixes, suffixes and roots and combining forms together to construct medical terms.	C p. 24; D (part 1 & 2) p. 25; F p. 25; J p. 26; N p. 28		1-12	1-12		<ul style="list-style-type: none"> Word Building with Suffixes Word Building with Prefixes
2.8 Deconstruct medical terms into their elements.	F p. 25; J p. 26	A p. 32; B p. 32				<ul style="list-style-type: none"> Characteristics of Suffixes and Prefixes
